

MISSION STATEMENT

“To be A Grade Above The Rest in our industry leading the way and setting the bar in technical expertise, honest business practices and exceptional customer service.”

We recognize that the degree of our success is directly related to the quality and dedication of our employees. How we accomplish our mission is as important as the mission itself.

The following values will be the keys for our company's success:

QUALITY WORKMANSHIP

We will strive for continuous improvement in the quality of everything we do and will never be satisfied with average work.

CUSTOMER FOCUS

We will base recognition, rewards and advancement on the contributions we make to our customers' success.

COMMITMENT TO OUR OWN

We will provide training, fair compensation and a safe working environment for all our employees.

RESPECT

We will treat each other fairly and with individual respect while helping each other develop our talents and skills to their fullest potential.

PERSONAL RESPONSIBILITY

We will accept personal and professional responsibility for our actions and take ownership of results and not blame others or seek excuses.

ACTION

We are committed to problem solving at every level and have a bias for action. We delegate authority to match responsibility. Expecting decision making to occur as close to the customer as possible.

INTEGRITY

We adhere to our values and contribute to the welfare of our community. We express ourselves consistently and completely and live up to our word.

FAIR PRICING

We will price our services fairly and competitively. Thoroughly communicating each service so that our customers understand the work to be done and the charges associated with it before we begin the work and obtain the customers signed approval to proceed with the job.
